DETAILED ACTION

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 112

2. Claims 1 to 33 are again rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claims remain generally narrative and indefinite, failing to conform with current U.S. practice, and are replete with instances of idiomatic errors and lack of antecedent bases too numerous to mention specifically. For example, no clear antecedent basis is provided for "the blank holder AR 20" in line 3 or for "the front (AV) end " in line 5 or Claim 1. It should be noted that although reference characters may be included in a claim, they must be enclosed in parentheses and do affect the scope of the claim. See MPEP 608.01(m). Also, the terms "front", "rear" and "widened", as used in the claims, are indefinite since it is unclear what dimensions these terms are intended to be modify; i.e., widened with respect to what? The same is true of "a greater blank length" in the penultimate line of claim 1 and "the area" in line 4 of Claim 2; i.e., greater than what and area of what? Other indefinite terms are "its AV part" in the penultimate line of Claim 2 and in Claims 4 and 5, "has been widened" in Claim 7 and "the seat imprint" and "half form A" in Claim 11.

Furthermore, "is not a right angle blank holder" at the end of Claim 1 is a negative limitation which fails to distinctly point out the invention, and "can optionally be"

in the penultimate line of Claim 2 indefinite for being merely speculative and/or alternative.

Conclusion

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
